A REAL FAMILY FARM IN NASSAU COUNTY

Hi, we're the Sheehans.

Sheehan Homestead is a small, educationally focused family farm on the edge of Callahan, Florida. Our mission is simple: **create unique experiences and learning opportunities while spreading joy**. We bring our friendly goats, bunnies and chickens to your community, school or event, and we welcome families, co-ops and groups to visit us on the farm.

MOMTREPRENEUR & EDUCATOR

Ann-Marie Sheehan, M.Ed.

Co-owner and the heart of our programming. Ann-Marie spent 10+ years as a New Jersey public-school educator before bringing her classroom outdoors. She holds an M.Ed. in STEM Education Leadership and a BA in Geological & Earth Sciences, and she leads STEM on Call, Mommy & Me and our homeschool programs.

FOUNDER & YOUR PLANNING PARTNER

Michael Sheehan

Co-owner. Michael leads sales and planning, so directors have one reliable point of contact from the first call to load-out. He is the one who will help you map out your whole year.

OUR GIVING PHILOSOPHY

Give Twice. Our ad budget goes to you.

Most companies spend seven to twelve percent of what they earn on advertising. **We set aside that same share and give it away instead**, to the families, schools, churches and causes that make our community worth living in. Our rule is simple: **give at least twice as much as you receive.** We don't buy billboards. We give, and the word travels from people who know who did a nice thing.

GOLD MEMBERSHIP · WORTH OVER $100

We give Gold away.

- ✓ A free farm tour for two
- ✓ A $25 farm gift
- ✓ About 40% off camp, the mobile zoo and field trips
- ✓ Access to our app

We hand Gold memberships to churches, schools and nonprofits to auction, raffle 50/50, or give to a family who needs a lift.

THE VIOLET TICKET

About 60% off for your cause.

Named for our daughter. Schools, churches and qualifying nonprofits book the full experience at about 60% off our list price, confirmed per date. The difference is our gift to your cause.

Say **Violet** when you call.

Stead Spin

Our giving wheel is free to play. Sixteen chances to win, from farm gifts to a Gold membership.

Prizes for your fundraiser

Potted plants from our nursery, collectible comics, baseball cards and toys for your auction table, raffle or prize box.

A visit on us

Can we come by with goats? A short visit for your class, congregation or volunteers, free when the calendar allows.

The bigger we grow, the more we give.

Our goal is free petting zoos for schools and shelters that could never budget one, and a free week of summer camp for the kids who need it most. Running a fundraiser, a church event or a school night? Call us first: **914-263-1311**.

FOR CDDS, HOAS, CLUBS, SCHOOLS & COMMUNITY TEAMS

Plan your whole year with us, not three weeks before.

Sound familiar?

- The event is three weeks out and the vendor list is still blank.
- Peak dates go first: October Saturdays (fall fest, trunk-or-treat, Halloween) and spring/Easter weekends book up early. This fall, our Halloween weekend was fully booked until a reschedule opened a spot.
- Every event means re-quoting, re-approving and re-filing paperwork.
- Residents notice when programming feels "same old" or gets skipped.

The fix: one call, twelve months

- One planning call, one 12-month calendar.
- Your big days held before anyone else can grab them.
- Partner rate on every booking: 25% off services, 50% off travel.
- One point of contact and one set of paperwork for the year.
- Seasonal anchors plus monthly or quarterly resident programming in between.

RESIDENT WELLNESS

Goat Yoga

"Our residents still talk about the goat yoga."
Amenity manager

A relaxed, all-levels yoga session with our friendly goats wandering, nibbling and (sometimes) climbing on board. It is the program residents talk about for weeks and share all over the community Facebook page.

- **At your community:** about a 60-minute session on your lawn or event lawn
- **Boozy Goat Yoga:** an adult-friendly twist for clubs with bar service (alcohol and bartender provided by the venue)
- **On our farm:** private sessions for your group on the homestead, about 60 minutes

LED BY ANN-MARIE SHEEHAN, M.ED.

STEM on Call

Hands-on science, technology, engineering and math, taught by Ann-Marie, a former New Jersey public-school educator with an M.Ed. in STEM Education Leadership. Florida-standards-based challenges that get kids building, testing and problem-solving, often paired with an animal visit.

- Bridge building, tower builds, flight and design challenges
- Nature and farm science lessons
- STEM booth for festivals and community events
- Summer camp days, after-school enrichment and school visits
- Default pairing: petting zoo + a STEM leave-behind lesson

Pricing: Ask us

Why directors pair these with the petting zoo

Adults get a program too. Goat yoga gives residents without little kids a reason to show up.

Learning, not just fun. STEM on Call turns an event into an enrichment day.

Easy between anchors. Both fit monthly or quarterly slots on your calendar.

DESIGNED BY ANN-MARIE FOR AGES 0-5
